

# Harshit Verma

## Web Developer | Native Application Developer

### Summary

Dynamic Web and Native Application Developer with extensive experience in React.js and React Native. Proficient in designing and maintaining interactive web and mobile applications focused on user experience. Led a pre-election assessment project for a politician, involving voter sentiment surveys, OTP-based booth membership management, and a super admin panel for real-time monitoring and control, providing critical campaign insights. Skilled in integrating RESTful APIs, managing state with Redux, and ensuring best practices in code quality. Eager to leverage my technical skills in a collaborative environment to deliver innovative solutions and exceptional user experiences.

### Work Experience

#### React Native Developer Intern

**WE Excel Software Pvt Ltd.**

**IT Park | Chandigarh**

*01/2024 - Present*

- Collaborated with senior developers to design and implement user interfaces for mobile applications using React Native framework.
